

Universal Declaration Of Human Rights Philippines Pdf

Humanistic education focuses on the development of the individual's personality, intellect, and emotions. It is a holistic approach to education that seeks to develop the whole person, not just the intellect. This approach is based on the belief that education should be a process of self-discovery and self-actualization, and that it should be a process of learning that is meaningful and relevant to the individual's life. This approach is based on the belief that education should be a process of self-discovery and self-actualization, and that it should be a process of learning that is meaningful and relevant to the individual's life.
